MEMORIAL ARBOR

thoughtful  
living reflections...  
lasting legacies

## AS LONG AS HUMANS HAVE LIVED AND LOVED, THEY HAVE ESTABLISHED MEMORIALS TO HONOR THE MEMORY OF THOSE CLOSEST TO THEM.

Emotionally, we memorialize for several reasons:

- ◆ to celebrate the life of each unique person in a place where memories can be passed along to future generations
- ◆ to publicly preserve outstanding accomplishments and contributions

The beauty of a memorial is that it provides a way for families to keep the memory of their loved one alive...so future generations can know about the unique individual who contributed to human life on this earth.

### ◆ REMEMBRANCE AND REFLECTION

Regardless of whether the deceased was cremated and their remains were scattered according to their wishes or they were buried in a place too far away to visit, you can memorialize the life and memory of your loved one in the living beauty of the Memorial Arbor in The Lexington Cemetery. The Memorial Arbor provides families with an affordable place close to home to remember and reflect.

Visitors from all fifty states and many foreign lands make pilgrimages to The Lexington Cemetery each year to find their roots and heritage. Visitors can experience four seasons and enjoy a place to remember the life of their loved one. Intended strictly for memorialization, our Memorial Arbor is uniquely suited to include the names of beloved pets. People feel the calming and energizing forces of nature and life when they visit The Lexington Cemetery.

### ◆ PERPETUAL BEAUTY

As a permanent part of The Lexington Cemetery, the living Memorial Arbor is located in the Floral Garden. It is beautifully designed with granite monoliths that accommodate bronze name plates. Inscribed on each plate is the name, year of birth and year of death of the individual. Beneath the Memorial Arbor is a bench where visitors can sit and meditate.
